

TWO PARDONS GRANTED.

John A. Rowand, Under a Life Sentence, and Burglar Harrington the Lucky Men.

Many Excellent Reasons for Executive Clemency in the Case of Rowand.

Frominent Citizens and Members of the Jury Ask for His Pardon—Harrington is Sick.

Gov. Toole sent two communications to the board of pardons yesterday. One of them was the information that a pardon had been granted by the executive to John A. Rowand conditional upon his abstaining absolutely from the use of intoxicating liquors while a resident of the state. The other communication was an unconditional pardon to Henry Harrington convicted of burglary in this county and sentenced to five years' imprisonment at Deer Lodge. His sentence will expire in December. The reason for his pardon is that he is suffering from a disease that necessitates a surgical operation, and in order that this may be performed it is necessary that the patient should be removed to a place where the sanitary conditions are better. The pardon was granted with the advice of the prison authorities and physician.

The arguments for Rowand's pardon are of unusual strength. Some time ago he was tried and convicted for the murder of Joseph Bussiere in Butte. He was sentenced to life imprisonment at Deer Lodge, and has been serving his time since. Efforts have been made to secure his pardon during the term of Governor White, but without successful results. The president of the Board of Pardons was appealed to, but was unable to grant relief, though many influential parties interested in behalf of Rowand. The petitions and papers in the case were sent to Governor Toole, who finds excellent reasons for granting the pardon. The error in his communication says that it appears that Rowand's conviction was influenced if not controlled by the statements of designing persons not under oath, made in the hearing of the trial jury and afterward found to be untrue. The president of the board is to the effect that Rowand's wife died from the effects of his cruel treatment. To support this reason for the pardon the communication is accompanied by a petition from the jurors praying for pardon and saying that if testimony which came to their knowledge after the verdict had been known before a verdict of not guilty would have been rendered. This petition is signed by all members of the jury including the foreman who in addition sends a personal letter. There is a mass of letters asking for and recommending the pardon. Among the petitioners are Hon. C. N. Joslin, of Deer Lodge; Wardon Reynolds, of the penitentiary; H. B. Ross, N. J. Bielenberg, ex-sheriff; McMaster, County Treasurer, Coleman, ex-United States Marshal, Kelly and many prominent citizens. The reports of Rowand's cruelty to his wife are in letters and affidavits by people who were well acquainted with both. There is also a letter from ex-Governor White saying that he would grant the pardon if he were governor at the present time. Sir John A. Macdonald, the premier of the Canadian cabinet, writes of Rowand's previous good character and of the excellent standing of his family in Quebec. There is also a letter from Mrs. Bussiere, the widow of the murdered man, asking executive clemency. Rowand's mother sends a touching appeal to the governor. With these papers is a statement from Rowand concerning the facts on the night of the murder and expresses the wish that he may be stricken dead if he ever touches a drop of liquor. He is now a bookkeeper in the penitentiary and is said to be a model prisoner. The governor after a review of the evidence submitted the pardon to the board, which consists of the governor, attorney-general and auditor. Chairman Haydel has called a meeting of the board on March 22, when a public hearing of the case will be given. If the board approves the pardons will be granted.

AMUSEMENTS.

John S. Murphy this Week—The Emma Juch Company.

Of John S. Murphy, who will play at Ming's on Thursday, Friday and Saturday evenings and at a Saturday matinee, the Boston Globe speaks as follows:

There were no vacant places at the Howard last evening. Manager Harris had put out a bill that proved to be magnetic, and every seat and available inch of standing room whence a view of the stage could be obtained was occupied. The attraction presented was the ever popular Irish drama entitled "Kerry Gow." John S. Murphy appeared in the character of Dan O'Hara, the Kerry Gow, and he was warmly welcomed back to the scene of many former triumphs. His wit and humor was as rich as ever, and he kept the audience in constant laughter by his funny Irish sayings. Miss Helen Fox appeared as Nora Drew, the sweetheart of Dan O'Hara, and she personated the role in a manner satisfactory to her auditors and was persistently cheered. The remainder of the performers played their parts admirably. The scenery was all that could be desired by the auditors.

The Emma Juch Company.

The Juch organization is pronounced by the press of Washington, Baltimore, New York, Philadelphia, and other cities they have visited so far this season, to be the largest and most important musical organization in America. When the fact that the numerical strength of this company is over 150 people, and that it requires a special train of seven cars and an engine to transport them from point to point is taken into consideration, it is not a matter of wonder that it is considered the leading amusement organization of this country, and is larger than any other company traveling on the face of the globe. During Miss Juch's recent engagement in Washington, she was the recipient of more social attention than was probably ever bestowed upon any American artist before. During the week Miss Juch was received privately at the white house by Mrs. Harrison, entertained there and was made the recipient of many musical offerings sent to her during her different performances by the first lady of the land.

The opening performance will be Faust in next Monday evening. Of Miss Juch as Marguerite, the Oregonian says: "Miss Juch, however, impresses the auditor as she makes her first entrance, with prayer book in hand, robes in a quiet dress of pure white, with eyes cast down and a beautiful modesty and simplicity of demeanor, as the simple German maiden whom Goethe had in mind when he wrote his immortal poem. There is also the very embodiment of guilelessness in the evidence of her voice as she repulses the advances of Faust. Her vocal work is not begun until she sings the 'King of Lullies' song, which she does in a most delightfully suggestive manner. Her voice is full of melody, beautifully toned and handled with the skill of the accomplished artist. In the 'Jewel Song' its resources are still further taxed, but she is equal to the difficult runs and trills and the continuous vocal strain which makes the number so trying. Generous applause followed her rendering of it. In the final duet, 'The Hour is Late,' she sang with an abandon and an artistic fire called for by the situation. Her vocal and dramatic work also in the trio at the end of the play was simply superb."

Promptly at noon to-day the auction sale will open for the coming season of the grand opera by Emma Juch and her famous company of vocalists. It is needless to say that the wealth, fashion and culture of this city will be largely represented at the sale, for no organization of this magnitude has ever been seen in this city, and the coming of this company will inaugurate an era in the history of amusements that will long linger pleasantly in the memory of the music loving citizens of Helena. The regular sale will open to-morrow.

Figures Never Lie.

Government statistics show a total importation in the last ten years of 2,620,811 cases of champagne, composed of more than thirty brands. That of G. H. Mumm & Co's Extra Dry was over 225,000 cases more than of any other, or about one quarter of the total.

THE SIGMA PHI.

An Enjoyable Banquet Held Last Evening at the Helena.

The sixty-third anniversary of the founding of the Sigma Phi society was well remembered last evening. The resident alumni assisted by out-of-town brethren rendered the occasion very pleasant. An elaborate banquet was served last night under the careful supervision of Caterer Williams at the Hotel Helena. The fraternity songs were rendered and several toasts were appropriately responded to by the brethren present, among whom were the following: Frank L. Sizer, Michigan university, '78; J. W. VanLingen, Livingston, Hobart college, '81; L. H. Wells, Tacoma, Hobart, '73; Arthur Ayrault, Tacoma, Hobart, '87; F. Alabaster Ross, Livingston, Michigan, '84; W. L. Loveland, Michigan, '82; F. D. Weeks, Michigan, '82; Don Davenport, Michigan, '88; Walter Ayrault, Livingston, Hobart, '82; M. J. Hutchins, Jr., Hamilton college, '85.

Letters of regret were read from the following: Prof. M. E. Cooley, Michigan University; Prof. C. E. Dennison, Michigan University; Hon. Elihu Root, New York; Prof. Oren Root, Hamilton College; Attorney General J. V. D. Wilson, Detroit; John Q. Adams Fritchie, St. Louis; Col. W. R. Lampton and Mayor H. T. Abernethy, Kansas City; and Dr. J. P. Kelly. Similar letters were also read from the different chapters of the fraternity located at the following colleges: Williams college, Hamilton college, the University of Michigan, Hobart college, University of Vermont and Lehigh university.

The Sigma Phi is the oldest college fraternity in existence. It is noted for its conservatism and loyalty of its members. It is the intention of the alumni in this city to hold a banquet yearly on the anniversary of the fraternity.

COURTS AND CRIMINALS.

Nieman Found Guilty by the Jury and Sentenced to Two Years' Imprisonment.

Richard Montgomery Convicted and James Dolan on Trial for Assault.

Richard the Third Will Take up His Residence at Deer Lodge—A Large Attendance.

The criminal trials are carried on as fast as possible under the circumstances. But few cases remain, among them the murder trials of Albert Jackson and Ah Jim. The large attendance in the court room yesterday was doubtless caused by the trial of James Dolan, who was indicted by the grand jury for rape. The benches were well filled, and there was a gathering of spectators in the gallery. Several ladies, some of whom will be called as witnesses, were among the members.

Those who expected that Edward Nieman would be acquitted were disappointed. The jury on Monday brought in a sealed verdict, which was opened yesterday. The prisoner was found guilty and sentenced to two years at Deer Lodge penitentiary. His partner in the crime, Kelly, was sentenced some time ago to five years, and is now serving his time. Nieman, who apparently is hardly more than a boy, will be taken to the penitentiary within a few days.

The trial of the state against Richard Montgomery was commenced and finished yesterday. Montgomery is a stalwart negro about 35 years old. One evening in the latter part of November he lifted a dummy from Ben Harris' store into an adjoining stairway and stripped the figure of an overcoat and other clothing. That evening he went down to the Broadwater hotel and robbed a friend of his clothing. He was arrested soon afterward and lodged in the county jail, where he has remained until his trial.

The trial of James Dolan for attempted rape was begun yesterday afternoon. Thomas Casey looks after the defendant's interests, while County Attorney Nolan represents the people. It is charged in the indictment that Dolan, on the evening of Sept. 25, attempted an assault on the person of Tilda Magnusson. The two people had been attending a ball, and it is charged that the crime was committed in a carriage on the street. Dolan was arrested shortly afterward and lodged in jail. His appearance is not particularly attractive. The jury was secured yesterday and the case will be opened this morning.

"Pat Word and Tom Finn engaged in a little argument in the Atlas saloon last evening, and coming to loud words and bandying of epithets, the men were requested by one of the proprietors to go outside and settle whatever difficulty might exist between them. They took the hint, went out on the sidewalk and began pummeling each other to the best of their ability. After rolling in the mud for a few minutes Officer Anton Kuntz arrived on the scene and succeeded in separating the irate pair. Mr. Kuntz placed the couple under arrest and they were taken to jail.

Remember that this is the last day of the special linen sale at the Bee Hive.

The Public Library.

The trustees of the public library have resolved, after due consideration to add two more rooms for the accommodation of the patrons of that popular institution. This will give double the amount of room heretofore utilized and will add considerably to the usefulness of the library. Mr. Leslie Sulgrove, the very efficient librarian, stated that there are now on hand about 5,000 volumes. Last month the circulation amounted to 3,421; number of cards issued, 2,008. The business of the library has made a tremendous growth within the last few months, which is due in a great measure to the ability and capacity of the librarian.
